Provider Profile

WINDSOR LOCKS WOODBURY WOODSTOCK

Information provided by the provider describing their agency:

Goodwill Industries of Western CT provides a full menu of vocational, day services and residential supports to individuals with disabilities including developmental, intellectual, physical, mental and neurological and/or other challenges to employment and community integration. We touch close to 2000 lives each year, some for a short-term program like job placement and coaching, and others for long-term support 24/7. Some facility-based services (i.e. some group vocational services, enrichment classes and our community experience program) are available only in Bridgeport and Stamford.

Our Transitional Employment Program allows people to move seamlessly between facility-based and community based supported employment. Our job placement services focus on developing the right job for the person, not placing people into existing worksites. We operate offices at our headquarters in Bridgeport as well as in our Stamford program and in several of our stores including Brookfield and Torrington, which facilitates services in the greater Waterbury area as well. Our Bridgeport location also houses a full kitchen and laundry facilities for independent living skills instruction as well as a Family Learning and Career Center fully equipped with computers, internet, email and learning software.

Our Goodwill operates 15 stores throughout western and northern CT, providing training and employment opportunities to hundreds of people. These stores also provide much-needed revenue to support our programs and services and allow us to introduce new initiatives.

We employ over 200 human services professionals ranging from Masters and Bachelors level personnel to trained direct service staff. We also provide on-going training and support for our staff.

Our Goodwill is accredited by CARF, the Commission on Accreditation of Rehabilitation Facilities, and is reviewed regularly as part of the on-going protocol of various state agencies including DDS and DMHAS (the Department of Mental Health and Addiction Services).
